TECHNICAL SKILLS

Programming

Python, Java, SQL, Shell Scripting

Data & Visualization

Pandas, NumPy, Matplotlib, Seaborn,
Power BI

Machine Learning

Regression, Classification, scikit-learn,
Model Evaluation

Databases

PostgreSQL, MySQL, SQL

Automation & Scraping

BeautifulSoup, Selenium, PyYAML

Tools & Platforms

Git, GitHub, Linux, Windows

TEACHING STRENGTHS

- Curriculum & lesson planning
- Classroom management, grades 6–10
- Project-based learning design
- Student assessment & mentoring
- Presentation & stakeholder communication

EDUCATION

MCA

Dr. A.P.J. Abdul Kalam Technical
University, Lucknow — Distinction,
2022

BCA

Veer Bahadur Singh Purvanchal
University, Jaunpur — 2017

Higher Secondary (UP Board)

Maa Chakeshwary I.C., Chandauli —
Science & Maths, Distinction, 2014

Secondary School (CBSE)

Udai Pratap Public School, Varanasi —
2010

CERTIFICATIONS

Data Science Certification —
360DigiTMG, Bangalore (Aug 2023 – Jun
2024)

ACHIEVEMENTS

- Best Student Award — academic excellence & leadership; drove 10% rise in student participation
- Organized cultural functions & events, boosting participation by 20%

PROFESSIONAL SUMMARY

MCA graduate and Computer Science educator with over a year of classroom teaching experience (grades 6–10) combined with hands-on expertise in Python, SQL, machine learning, and data visualization, backed by a 360DigiTMG Data Science certification and four end-to-end analytics projects. Skilled in curriculum design, web scraping, data cleaning, and building dashboards that turn raw data into decisions. Brings strong communication, stakeholder management, and presentation skills from prior teaching and business development roles — equally suited to school ICT/Computer Science faculty positions and entry-level IT / data analyst roles.

TEACHING EXPERIENCE

Computer Teacher | Hari Bandhu International School, Varanasi

Feb 2026 – Present

- Teach Computer Science to classes 6–10, emphasizing practical, hands-on applications of programming concepts.
- Design assignments, sample papers, and project-based learning modules to strengthen student outcomes.
- Conduct demo classes and technology activities, and support school-wide IT infrastructure needs.

Computer Teacher | Gyandeep English School

Jan 2025 – Jan 2026

- Taught Computer Science to classes 6–10, emphasizing practical, hands-on applications of programming concepts.
- Designed assignments, sample papers, and project-based learning modules to strengthen student outcomes.
- Conducted demo classes and technology activities, and supported school-wide IT infrastructure needs.

OTHER PROFESSIONAL EXPERIENCE

Business Development Executive | Asort.com, Bhopal

- Generated 500+ qualified leads and increased client engagement by 30% through targeted outreach.
- Delivered 100+ product presentations to prospective clients, contributing to a 15% increase in sales.
- Improved customer retention by 20% by strengthening post-sale relationship management.

INTERNSHIP

Web Scraping & Data Extraction Intern | Land of Talent, Delhi

- Built 20+ Python-based web scraping scripts, improving data collection efficiency by 40%.
- Extracted, cleaned, and structured 100,000+ records to support downstream data analysis.

PROJECTS

Naukri.com Web Scraping for Job Listings — Python, Selenium, YAML, CSV, Pandas | GitHub: [naukari_data](#)

- Automated collection of job-listing data from Naukri.com for market and trend analysis.

Entertainer Data Analytics — Python, Power BI | GitHub: [entertainer_data_analysis](#)

- Analysed entertainment industry data and built Power BI dashboards to surface key trends.

Google Search Engine Scraper — Python, Selenium, BeautifulSoup, Pandas, PyYAML | GitHub: [Google-Search-Engine-Scraper](#)

- Developed a configurable scraper to extract and structure Google search results at scale.

Heart Disease Diagnostic Analysis — Python, Pandas, Matplotlib, Seaborn | GitHub: [Heart-Disease-Diagnostic-Analysis](#)

- Performed exploratory data analysis and visualization on clinical data to identify risk indicators.
